Conduct; Enrolment Terms; Letter of Offer/Agreements; Anti-Discrimination

Bullying and Harassment; Disability, Staff Recruitment.

Legislation: <u>Child Protection Act 1999 (Qld) (CP Act)</u>

Education (Accreditation of Non-State Colleges) Act 2017 Education Services for Overseas Students (ESOS) Act 2000

Education (General Provisions) Act 2006

Education (Accreditation of Non-State Colleges) Regulation 2017

National Code of Practice for Registration Authorities & Providers of Education

and Training to Overseas Students 2018

Introduction

This Child Protection Policy and Procedure - Child Risk Management Strategy have been developed by Charlton Brown (the **College**) to formalise the College's commitment to the protection of our students, to provide clarity regarding roles and responsibilities for student protection at the College, and to support decision-making that effectively responds and reports harm to students.

The Charlton Brown Management demands the attainment of best-practice student protection standards in every aspect of the College's activities, including those pertaining to legislative reporting requirements, and has no tolerance for breaches in child protection laws or this Child Protection Policy/Procedure and Child Risk Management Strategy.

It is a requirement for all College Trainers and Assessors working with Children Under 18 to have a Working with Children Check (WWCC) known as a Blue Card. The Blue Card will be record on the Human resource Staff File.

If you have any questions or concerns regarding student protection at the College, please contact the Campus Director on (07) 3216 0288.

Overview

This Child Protection Policy/Procedure and Child Risk Management Strategy sets out how the College will respond to harm (including suspected harm or allegations of harm), to students, and ensure appropriate conduct of the College's Staff and students.

This Child Protection Policy/Procedure and Child Risk Management Strategy applies to all College Staff, parent/guardians/ and students.

Before reading this document, you should refer to clause 21 (Definitions) and Appendix 5: Useful definitions and key concepts.

Set out in this Child Protection Policy/Procedure and Child Risk Management Strategy are policy and procedural statements, strategies developed by the College, definitions, resources, and written processes to support student protection, the conduct of Staff, parent/guardians/guardians and students at the College, and particularly the reporting of harm, sexual abuse, child sexual offences and inappropriate behaviour.

The College's Management has approved this Child Protection Policy/Procedure and Child Risk Management Strategy.

Immediate resources are available as follows:

(a) Responding to emergencies

Any situation in which a student is at imminent risk of harm or in immediate danger should be reported directly to the Police by dialling 000.

(b) Reporting of harm or suspected harm

Reports relating to harm or suspected harm (including a 'reportable suspicion' of a teacher/trainer or staff member) should be made to the Campus Director on (07) 3216 0288 who will in turn report to the matter to Police and/or Child Safety Services (as appropriate). Alternatively, a teacher/trainer or staff member may directly notify a 'reportable suspicion' to Child Safety Services.

Refer Appendix 1: Reporting summary and Appendix 2A: Reporting of harm for further specific detail on the mechanisms and processes.

(c) Reporting of sexual abuse or likely sexual abuse to a student under 18 years

Reports relating to sexual abuse or likely sexual abuse should be made to the Campus Director on (07) 3216 0288 or a member of the College's Management Team, who will in turn report the matter to the Police.

Refer Appendix 1: Reporting summary and Appendix 2B: Reporting of sexual abuse or likely sexual abuse for further specific detail on the mechanisms and processes.

(d) Reporting of **inappropriate behaviour** by a Staff member

Reports relating to inappropriate behaviour of a Staff member should be made to:

- The relevant Head of Faculty, Academic Director or Management team, or
- The Campus Director on (07) 3216 0288.

Refer Appendix 1: Reporting summary and Appendix 2C: Reporting of inappropriate behaviour for further specific detail on the mechanisms and processes.

(e) Reporting of a child sexual offence

Reports relating to a child sexual offence or reasonable suspicion of a child sexual offence should be made to:

- The Campus Director on (07) 3216 0288
- Reports may also be made directly to Police. Refer Appendix 1: Reporting summary and Appendix 2D; Reporting of child sexual offence for further specific detail on the mechanisms and processes.

Child Protection Policy and Procedure

1. Purpose

The purpose of this Child Protection Policy/Procedure (**Policy/Procedure**), and its associated Child Risk Management Strategy (**Strategy**) (including appendices), is to provide written processes that accord with best practice and comply with legislation about:

- (a) how Charlton Brown (the **College**) will respond to harm (including suspected harm or allegations of harm) to students, and
- (b) the appropriate conduct of the college's staff and students

These written processes include:

- (a) a process for reporting inappropriate behaviour by a Staff member and how such reports are to be dealt with.
- (b) a process for reporting harm or suspected harm and how such reports are to be dealt with.
- (c) a process for reporting actual, suspected or likely sexual abuse in accordance with sections 366 and 366A of the *Education (General Provisions) Act 2006* (Qld) (EGP Act); a process for mandatory reporting "reportable suspicion" under sections 13E and 13G of the *Child Protection Act 1999* (Qld) (CP Act)

and

(d) a process for reporting child sexual offences under section 229BC of the <u>Criminal Code Act</u> 1899 (Qld) (Criminal Code).

While not all legislative mandatory reporting obligations apply to students 18 years and over (and under the Criminal Code do not apply to most students 16 years and over), the College is committed to the protection of all students, and therefore requires Staff, students, and parent/guardians to internally report all matters that may impact the safety of a student or students at the College.

2. Scope

This Policy and procedure apply to all students, parent/guardians, and staff (including full-time, part-time, permanent, fixed- term and casual employees as well as contractors, volunteers and people undertaking work experience or vocational placements at the College) Visitors to the College will also be made aware of this Policy and encouraged to report any concerns to the College.

3. Policy/Procedure statement

The College is committed to the safety and wellbeing of all students enrolled at the College, and to providing a safe and healthy environment to all students under the College's care.

The welfare and best interests of the students are paramount and protecting students from harm and the risk of harm is fundamental to the ethos of the College.

4. Roles and responsibilities

Chief Executive Officer (CEO)

a. The CEO retains ultimate responsibility for student protection within the College and has the responsibility for the regular review and monitoring of this Policy to ensure compliance with legislation and best practice. The CEO will receive, consider and action (as appropriate) student protection reporting from the Academic Director and other Staff.

b. Academic Director

The Academic Director is responsible for ensuring all Staff are regularly trained in the application of this Policy/Procedure and for maintaining a culture of constant vigilance and awareness of this Policy/Procedure throughout the College. The Academic Director will also receive, consider and action (as appropriate) student protection reporting from students, parent/guardians, and other Staff.

c. Campus Director/Senior Management

The Campus Director/Senior Management will receive, consider and action (as appropriate) student protection reporting from students, parent/guardians, and other Staff.

d. Trainer and Assessors

All Trainer and Assessors working with children under the age of 18 are required to have a Working with Children Check (WWCC) known as a Blue Card prior to employment with the college.

5. Responding to reports of harm

When the College receives any information alleging harm to a student, it will meet its reporting obligations and deal with the situation compassionately and fairly so as to minimise any likely harm to the extent it reasonably can.

In dealing with matters arising under this Policy:

- (a) The College will not tolerate conduct which exposes students to harm and is committed to the rights of children and young people to feel safe and be safe when participating in the College's activities.
- (b) The College will provide support for all parties involved in a matter being dealt with under this Policy, including students, parent/guardians, and Staff as applicable. Such support might include professional counselling (either internal or external).
- (c) The College will not permit a Staff member to continue to work in a position if based on the information available there is an unacceptable risk of harm to a student.
- (d) The College will cooperate with external authorities as appropriate, including the Police and Child Safety Services.
- (e) The College will inform parent/guardians as soon as practicable of matters involving their child unless circumstances suggest it would not be in the student's interests to do so.
- (f) The College will ensure that those making decisions are not biased, and that any Staff members against whom allegations are made are informed of the allegations and that no adverse action is taken against a person unless the person is given prior notice of the allegations against them, and they have a fair opportunity to respond. However, the College may suspend a Staff member from their duties pending an investigation of allegations.
- (g) The College will ensure there are at least two representatives of the College present at any interviews with a student, where and that the student is supported by a parent or College counsellor as appropriate and practicable in the circumstances of the case.
- (h) The College will observe appropriate confidentiality. The College is unable to guarantee absolute confidentiality since applicable legislation and its policies will require disclosing, internally and externally, certain details involved in responding to complaints.
- (i) The College will keep a permanent confidential record of what has occurred, including in individual student files, Staff files and centrally, as appropriate. The College's *Privacy Policy* sets out how the College manages personal information provided to or collected by it that is covered

- by the Privacy Act 1988 (Cth).
- (j) The College will promote and respect the rights of its students to be heard, protected, and supported, and the rights of students and their families to have their concerns resolved.

Following any report of harm, the Academic Director will work with an external professional (as appropriate) to ensure, to the extent possible, the safety of the student, and to provide support to the student and parent/s.

Certain matters involving teacher/trainers may be reportable to the Queensland College of Teacher/trainers including those detailed in Reporting Procedures.

The College will also comply with all reporting and notification requirements arising under blue card legislation.

6. Conduct of Staff and students

All Staff must ensure that their behaviour towards and relationships with students reflect the highest standards of care for students and are not unlawful. Staff must not cause harm to students. In particular, Staff must not under any circumstances engage in physical or emotional abuse or sexual conduct of any nature with a student at the College. It is irrelevant whether the conduct is consensual or non-consensual, or condoned by parent/guardians or caregivers. The age of a student is also irrelevant.

Failure of Staff to behave in an appropriate manner towards students may result in criminal proceedings and/or disciplinary action, including dismissal.

All Staff, students and parent/guardians must comply with this Policy, including the reporting obligations summarised in **Reporting summary** and detailed in **Reporting procedures**.

An Internal Reporting Harm Template, for use by Staff when reporting harm, a reportable suspicion, sexual abuse, child sexual offences or inappropriate behaviour internally (such as to the Academic Director or a Senior Management Member), is set out in **Internal Reporting Harm Template**. An External Reporting Harm Template is set out in **External Reporting Harm Template**.

Staff, students, and parent/guardians should be aware that:

- (a) The role of a person reporting a matter under this Policy is not an investigative one. Individuals must not undertake investigations beyond satisfying themselves that they have reasonable grounds to suspect harm, a risk of harm or inappropriate behaviour (or that they have reasonable grounds for believing that a child sexual offence is being or has been committed).
- (b) Once a report has been made in accordance with the reporting obligations summarised in **Reporting summary** and detailed in **Reporting procedures**, a Staff member is not required to take further action, beyond continuing to exercise a duty of care and cooperating with any further investigation that is conducted by the College or by external authorities.
- (c) Staff members are encouraged to confer with the Academic Director or Senior Management if unsure whether a matter should be reported under this Policy.
- (d) Relevant legislation provides for protections from liability for persons who, acting honestly and reasonably, notify or give information about suspected harm to Child Safety Services or the Police.
- (e) Child Safety Services operates under strict laws of confidentiality. This means Child Safety Services does not divulge:
 - the identity of the person reporting the matter, except to others requiring the information to perform duties under the CP Act, or
 - information about an investigation to the person reporting the matter.

- (f) In accordance with the <u>CP Act, Criminal Code</u> and the EGP Act there are **mandatory** reporting obligations placed on certain people. Mandatory reporters under the CP Act include s and teacher/trainers (refer **Useful definitions and key concepts**). All adults have mandatory reporting obligations under the Criminal Code and all Staff have mandatory reporting obligations under the EPG Act. Staff **must** be aware of and comply with their mandatory reporting obligations (refer to **Reporting summary** and **Reporting procedures**).
- (g) Reprisals against those who make a report under this Policy will not be tolerated by the College. No person may retaliate or victimise against a person acting reasonably and honestly who provides information under this Policy to a person who needs to know that information.
- (h) A person acting reasonably and honestly providing information to a person who needs to know that information is generally excused from liability for defamation.

7. Reporting inappropriate behaviour

If a student, parent or Staff member considers the behaviour of a Staff member to be inappropriate, they must report the behaviour as soon as possible in accordance with the processes summarised in **Reporting summary** and detailed in **Reporting procedures**.

A Staff member who receives a report of inappropriate behaviour must report it to the Academic Director (or, where the Academic Director is the subject of the report of inappropriate behaviour, the CEO) in accordance with the processes summarised in **Reporting summary** and detailed in **Reporting procedures**.

8. Reporting harm or suspected harm

All staff are required to report harm or suspected harm to a student in accordance with the processes detailed in **Reporting procedures**.

9. Reporting sexual abuse or likely sexual abuse¹

Sections 366 and 366A of the <u>EGP Act</u> relevantly state that if a Staff member becomes aware, or reasonably suspects, in the course of their employment at the College, that any of the following has been or is likely to be sexually abused by another person:

- a student under 18 years attending the College
- a person with a disability who, under section 420(2) of the <u>EGP Act</u>, is being provided with special education at the College and is not enrolled in the preparatory year at the College,

Then the Staff member must give a written report about the abuse, suspected abuse or likely abuse to the Academic Director or the CEO **immediately**. The Academic Director or CEO must then immediately give a copy of the Staff member's report to Police.

If the Staff member who becomes aware of or reasonably suspect's sexual abuse or likely sexual abuse is the College's Academic Director, the Academic Director must give a written report about the abuse, or suspected abuse to a police officer **immediately** and must also **immediately** give a copy of the report to the CEO.

A report under this section must include the following particulars:

- (a) the name of the person giving the report (the **first person**)
- (b) the student's name and sex
- (c) details of the basis for the first person becoming aware, or reasonably suspecting, that the student has been or is likely to be sexually abused by another person.
- (d) in the case of actual or suspected abuse, details of the abuse or suspected abuse, and
- (e) any of the following information of which the first person is aware:

- the student's age.
- the identity of the person who has abused, or is suspected to have abused, or be likely to abuse, the student, and
- the identity of anyone else who may have information about the abuse or suspected abuse or likelihood of abuse².

The report templates in **Internal Reporting Harm Template** and **External Reporting Harm Template** are designed to address these matters.

Further details and indicators of sexual abuse, including 'grooming' behaviour can be found in **Useful definitions and key concepts**.

10. Reporting physical and sexual abuse

Under Section 13E(3) of the <u>CP Act</u>, if a 'relevant person' (in this context a relevant person includes s and teacher/trainers, also referred to as 'mandatory reporters') (refer **Useful definitions and key concepts**) forms a 'reportable suspicion' about a child in the course of their engagement in their profession, they must make a written report to Child Safety Services, and provide a copy of such report to the Academic Director. However, they are not required to do so if they are aware or reasonably suppose that the matter has already been reported to Child Safety Services (such as by the Academic Director).

A reportable suspicion about a child is a reasonable suspicion that the child:

- (a) has suffered, is suffering, or is at unacceptable risk of suffering, significant harm caused by physical or sexual abuse, and
- (b) may not have a parent able and willing to protect the child from the harm

A report under this section must:

- (a) state the basis on which the person has formed the reportable suspicion, and
- (b) include the following information prescribed by regulation, to the extent of the person's knowledge:
 - the child's name and sex
 - the child's age.
 - details of how to contact the child (for example, the address at which the child usually lives or the name and address of the College the child attends)
 - details of the harm to which the reportable suspicion relates.
 - particulars of the identity of the person suspected of causing the child to have suffered, or suffer or be at risk of suffering, the harm to which the reportable suspicion relates, and
 - particulars of the identity of any other person who may be able to give information about the harm to which the reportable suspicion relates.

The report templates in **Internal Reporting Harm Template** and **External Reporting Harm Template** are designed to address these matters.

A teacher/trainer or a staff member may confer with a colleague and share information for purposes, including for the purposes of forming a reportable suspicion, making a report and keeping a record of it, and for the Academic Director to take appropriate action to deal with the suspected harm or risk of harm.

11. Reporting child sexual offences

Section 229BC of the <u>Criminal Code</u> requires **all** adults (whether they are Staff members, parent/guardians or students 18 years and over) to report information relating to child sexual offences where:

- (a) The adult gains information that causes them to believe on reasonable grounds, or ought reasonably to cause them to believe, that a child sexual offence is being or has been committed against a child by another adult, and
- (b) At the time the adult believes (or ought reasonably to believe) the child sexual offence was committed; the child was under 16 years (or was aged between 16 years and 18 years and had an impairment of the mind).

There may be cases where information is not reportable under the CP Act and/or EGP Act but must be reported under the Criminal Code.

Important note: In addition to the above, under section 229BB of the Criminal Code, adults who are 'accountable persons' (including, but not limited to, members of the Board and Staff) will commit an offence if:

- (a) The adult knows there is a significant risk that another adult (the alleged offender) will commit a child sexual offence in relation to a child who is under the care, supervision, or control of the College.
- (b) The alleged offender is associated with the College (or another institution) or is a regulated volunteer.
- (c) The child is under 16 years or is a person with an impairment of the mind.
- (d) The adult has the power or responsibility to reduce or remove the risk, and
- (e) The adult wilfully or negligently fails to reduce or remove the risk.

Such persons, including members of the Senior Management Team and Staff, must therefore ensure they take all steps within their power or responsibility to reduce or remove any such risks.

12. Self-harm

During their time at the College, some students may be at risk of harming themselves. This harm may occur with or without suicidal intent; or may be symptomatic of, or associated with, a known medical condition or intellectual disability. In a case where self-harm occurs or is reasonably suspected of occurring or likely to occur, in a context of parent/guardians not acting protectively, it may be necessary to report the harm externally in accordance with this Policy (refer to the reporting obligations in **Reporting summary** and **Reporting procedures**).

In the case of an acutely distressed student, the immediate safety of the student is paramount. Staff members must (in order):

- (a) ensure the immediate safety of the student.
- (b) arrange for an adult to be always with the student,
- (c) consider whether any other student requires support, and
- (d) report as required under this Policy.

While it is important to provide support to a student, Staff members must be careful not to substitute support for professional help.

Not all cases of self-harm relate to suicidal intent. Students may engage in a variety of high-risk behaviours, such as: alcohol/substance abuse; drug-taking; unsafe promiscuity; or cutting/burning oneself. The College provides a range of educational programmes to assist students to make appropriate

choices in relation to drug and alcohol use and sexual activity.

Further details of risk factors for self-harm can be found in Useful definitions and key concepts

13. Bullying, discrimination, and sexual harassment

The College has policies dealing with bullying, discrimination, and sexual harassment.

The College recognises that bullying, discrimination, and sexual harassment may amount to harm to a student. If any type of harm is reasonably suspected it must be managed and reported without exception in accordance with this Policy, including the reporting obligations detailed in **Reporting procedures**.

14. Awareness and training

The CEO is responsible for ensuring Staff, students and parent/guardians are informed of the College's processes under this Policy in communications to them.

To facilitate this, the Academic Director and Senior Management Team will ensure that the College:

- (a) publishes this Policy so that it is available to Staff, students, and parent/guardians on the College's website.
- (b) informs parent/guardians about the Policy as part of their induction to the College.
- (c) informs students about the Policy during orientation at least once each year and educate student about child protection.
- (d) ensures Staff receive a copy of, and are trained in the processes under, this Policy on their induction, and refresh training annually (with appropriate records maintained of such training)
- (e) provides updates at Staff meetings about this Policy (including any changes to this Policy), and discussions about the Policy between managers and their Staff.
- (f) regularly refers to this Policy in the College newsletter.

15. Health and Safety

The College has written processes in place about the health and safety of its Staff and students in accordance with relevant workplace health and safety legislation.

16. Implementing this Policy and Procedure

The College will ensure it is implementing its processes under this Policy/Procedure by auditing compliance with the processes at least annually.

To reduce the risk of any harm occurring, the College will also implement the *Child RiskManagement Strategy* annexed to this Policy.

17. Insurer

The College will keep its insurer informed about the circumstances which may give rise to a claim under the College's insurance policies. All Staff have an obligation to inform the Academic Director or the CEO of any circumstances of which they become aware which may give rise to a claim against the College.

18. Accessibility of processes

Processes relating to the health, safety and conduct of Staff and students are accessible on the College website as well as on the College's.

19. Breach of this Policy

The College will take appropriate action against any person who breaches this, Policy. The appropriate $Page 9 \mid SS7.4.01$ CHILD PROTECTION POLICY AND CHILD RISK MANAGEMENT STRATEGY_2022_v1

action taken is a matter to be determined by the Academic Director on a case-by-case basis, in consultation with the CEO and after taking legal and other expert advice if necessary.

Without limiting the foregoing, failure by any Staff member to comply with their reporting obligation constitutes serious misconduct and will lead to disciplinary action by the College, which may include termination. A Staff member may also face other legal consequences (including criminal liability) if the Staff member has breached their legislative reporting obligations.

Once a matter has been reported to external authorities, the College will cooperate with those authorities. However, the College is not always required to await the outcome of any external processes before taking any internal disciplinary or other action.

20. Complaints procedure

Suggestions of non-compliance with the College's processes under this Policy may be submitted (and will, where appropriate, be dealt with) as complaints under the College's *Complaints Handling and Appeals Policy* or grievances under the Complaints Handling and Appeals Policy.

21. Definitions

In this Policy:

- (a) **child** means an individual under 18 years.
- (b) **child in need of protection** means a child who:
 - has suffered significant harm, is suffering significant harm, or is at unacceptable risk of suffering significant harm; and
 - does not have a parent able and willing to protect the child from the harm.
- (c) Child Safety Services means the Queensland Government agency for child protection services that is responsible (through the Department of Child Safety, Youth and Women) for administering the CP Act.
- (d) harm, to a child, means any detrimental effect of a significant nature on the child's physical, psychological, or emotional wellbeing, irrespective of cause. Causes of harm may include, but are not limited to, physical, psychological, or emotional abuse or neglect, or sexual abuse or exploitation. Harm may be caused by a single act, omission, or circumstance, or by a series or combination of acts, omissions or circumstances. (See also Appendix 5.)
- (e) **parent** includes a legal guardian.
- (f) **Police** means the Queensland Police Service.
- (g) **sexual abuse**, in relation to a student under 18 years, includes sexual behaviour involving the student and another person in the following circumstances:
 - the other person bribes, coerces, exploits, threatens or is violent toward the student.
 - the student has less power than the other person.
 - there is a significant disparity between the student and the other person in intellectual capacity or maturity. (See also Appendix 5.)
- (h) **staff member** has the meaning given to that term in the CP Act.
- (i) **student** means an individual enrolled as a student at the College, regardless of age.
- (j) **teacher/trainer** means an approved teacher/trainer under the <u>Education (Queensland College of Teacher) Act 2005 (Qld).</u>

Unless the context requires otherwise, other words and phrases in this Policy have the meaning given in **Useful definitions and key concepts**.

22. Review

This Policy shall be reviewed annually or in the event of any information, incident, legislative changes, or changes to organisational practice that would demonstrate the need for earlier review.

Any questions or feedback on this Policy should be directed to the Academic Director.

Child Risk Management Strategy

1. Purpose

Charlton Brown (the **College**) is dedicated to eliminating and minimising risks to child safety, and to implementing employment practices and procedures to promote the safety and wellbeing of all students at the College and to protect students from harm.

2. Scope

This Child Risk Management Strategy (**Strategy**) applies to all students, parent/guardians/guardians, and staff (including full-time, part-time, permanent, fixed term and casual employees as well as contractors, volunteers and people undertaking work experience or vocational placements at the College) (**Staff**), and the CEO and Senior Management of the college.

3. Statement of commitment

The College is committed to the safety and wellbeing of students in the College's care and their protection from harm¹². In practice, the College is committed to implementing the *Child Protection Policy*, acting in accordance with the *Working with Children (Risk Management and Screening) Act* 2000 (Qld) (Working with Children Act) and promoting the safety and wellbeing of students by implementing the measures outlined in this Strategy.

4. Code of conduct

Staff are expected to always behave in ways that promote the safety, welfare and well-being of children and young people. They must actively seek to prevent harm to children and young people, and to support those who have been harmed.

This Strategy, the College's *Child Protection Policy, Staff Code of Conduct*, outline clear standards of conduct that Staff must follow in the areas of teaching and learning, the curriculum, student wellbeing, personal conduct, attending College events, and the relationships one has with students, parent/guardians/guardians, colleagues, and the College.

This commitment is evidence of the College's fulfilment of the requirements of schedule 1, section 2(2) of the *Working with Children (Risk Management and Screening) Regulation 2020* (Qld) (Working with Children Regulation).

5. Recruitment, selection, training, and management procedures

ensure that its recruitment and selection procedures (refer to the *Recruitment and Selection Policy*) act to reduce the risk of harm to students from Staff via:

The College is committed to recruiting, selecting, training, and managing staff in such a way that limits risks to students. In particular, the College will: accurate position descriptions, including whether the successful applicant must be a teacher registered with the Queensland College of Teacher/trainers (who has been subject to relevant police and other safety checks), whether a blue card is necessary for the successful applicant, the responsibilities and supervision associated with the position, that the position involves responsibility for student safety, the nature and environment of the services provided to children, and the experience and qualifications required by the successful applicant

- advertising positions with a clear statement in the position description about the College's commitment to student protection and identifying that candidate will besubject to a teacher/trainer registration check or blue card screening, a police check, referee checks, identification verification and the requirement to disclose any information relevant to the candidates' eligibility to engage in activities including children and young people.
- a selection process that includes assessing the application via an interview process and referee and other checks (as identified above) based on the accurate position description, including asking questions of the applicant and referees regarding the applicant's values and attitudes concerning relationships with children and young people and understanding of sexual (and other) abuse, its causes and prevention.
- at least two reference checks for all new Staff, including the candidate's most recent manager and/or Academic Director. The College reserves the right to contact persons other than those nominated as referees by the candidate, and
- a probationary period of employment, which allows the College to further assess the suitability of the new Staff member and to act as a check on the selection process, and
- (b) ensure that its training and management procedures act to reduce the risk of harm to children and young people from Staff via:
 - management processes that are consistent, fair, and supportive
 - performance management processes to help Staff to improve their performance in a positive manner.
 - supportive processes for Staff when they are experiencing challenges, such as mentoring, mediation, conflict resolution, coaching, additional training, and external support and counselling services.
 - an induction program which addresses the College's policies and procedures, particularly
 its expectations regarding student protection and risk management and to assist Staff to
 understand their role in providing a safe and supportive environment for children and
 young people.
 - training new and existing Staff on an ongoing basis to enhance skills and knowledge and to reduce exposure to risks, in relation to matters including:
 - the College's policies and procedures
 - o identifying, assessing, and minimising risks to children and young people, and
 - o handling a disclosure or suspicion of harm
 - keeping a record of the training provided to Staff.
 - exit interviews to assist the College to identify broader issues of concern that may impact
 on the safety and wellbeing of children and young people at the College, and

For certain Staff who are not employees (e.g., ad hoc contractors or volunteers) the recruitment, selection and training procedures may differ from the above. However, the College will in all cases ensure that it takes appropriate steps to limit risks to children and young people.

This commitment is evidence of the College's fulfilment of the requirements of schedule 1, section 2(3) of the Working with Children Regulation.

6. Handling disclosures or suspicions of harm

The College's *Child Protection Policy* sets out policies and procedures for handling disclosures or suspicions of (among other things) harm or suspected harm, or inappropriate behaviour of a Staff member, including reporting guidelines. Such policies and procedures apply to all Staff, parent/guardians/guardians, and students. All Staff, parent/guardians and students have access to the *Child Protection Policy* and receive information, education and/or training about their responsibilities under it.

Furthermore, the *Child Protection Policy* sets out policies and procedures for the Academic Director of the College to report to the Queensland College of Teacher/trainers in relation to any allegations of harm caused, or likely to be caused, to a child because of the conduct of a relevant teacher/trainer at the College.

This commitment is evidence of the College's fulfilment of the requirements of schedule 1, section 2(4) of the Working with Children Regulation.

7. Managing breaches of this Strategy

The College is committed to appropriately managing breaches of this Strategy in accordance with its other relevant policies as appropriate in the circumstances, such as the *Child Protection Policy*, *Code of Conduct*, and *Complaints Handling and Appeals Policy*, and this is evidence of fulfilment of the requirements of schedule 1, section 2(5) of the Working with Children Regulation. The College will promptly record, monitor and report to the CEO regarding any breaches of this Strategy.

8. Implementing and reviewing this Strategy

'Responsibilities' for implementing this Strategy are set out at section 13 below.

The 'Compliance and monitoring' section below states the College's commitment to reviewing this Strategy annually.

This is evidence of the College's fulfilment of the requirements of schedule 1, section 2(6) (a) of the Working with Children Regulation relating to implementation.

9. Blue card policies and procedures

The College is committed to acting in accordance with the Working with Children Act relating to the screening of employees in such a way that limits risks to children, including through its *Blue Card Policy*. In particular, the College will:

- (a) Comply with all the requirements of the Working with Children Act and Working with Children Regulation
- (b) Appoint a college contact person(s) who will be responsible for managing the screening process and all related documentation and records required under the Working with Children Act and Working with Children Regulation
- (c) Meet all reporting and notification requirements arising under the Working with Children Act and Working with Children Regulation,
- (d) Act to monitor the dates of expiry of blue cards and exemption cards and remind Staff to keep their blue card or exemption card up to date, and
- (e) Keep a written record about all relevant actions, decisions and outcomes relating to matters under the Working with Children Act and Working with Children Regulation, including (where relevant) the matters above, via the College's Blue Card Register. (Queensland Government Blue Card)

This is evidence of the College's fulfilment of the requirements of schedule 1, section 2(6) (b) of the Working with Children Regulation.

10. High risk management plans

The College is committed to identifying, assessing, controlling, and monitoring risks to the health and safety of students on an ongoing basis, including in relation to high-risk activities (such as outdoor education, and tours) and special events. The College's Risk Management Strategy Framework (among other documents) require College Staff to plan for the management of such risks. This is evidence of fulfilment of the requirements of schedule 1, section 2(7) of the Working with Children Regulation.

11. Student wellbeing

The College's wellbeing program takes an active role in supporting the health and wellbeing of all students. The program incorporates a carefully considered structure Senior Management, academic staff and staff members with external health professionals and counselling services. Also included in the program is the education of all students on student protection matters.

The student counselling service is available to all students, providing counselling and confidential support.

13. Strategies of communication and support

The College makes this Strategy available to students, parent/guardians and Staff including the College's website as part of its *Child Protection Policy*. This is strategy is a fulfilment of the requirements of schedule 1, section 2(8)(a) of the Working with Children Regulation.

The College is committed to training Staff in relation to identifying risks of harm to children and young people, handling disclosures or suspicions of harm to children and young people (including reporting obligations under the *Child Protection Policy*), and the content of this Strategy. The College conducts this training regularly via (as applicable) induction, annual formal training events, updates at Staff meetings and discussions between managers and their Staff. This is evidence of fulfilment of the requirements of schedule 1, section 2(8) (b)) of the Working with Children Regulation.

14. Responsibilities

The College's Director of Compliance and Training Management is responsible for developing and implementing this Strategy and related College policies to ensure it fulfils its legal obligations.

All Staff are responsible for acting in compliance with this Strategy and related College policies and procedures.

15. Compliance and monitoring

The College will review this Strategy at least annually (or more frequently if required) to respond to legislative or operational changes, incident outcomes and other relevant matters. The College will also record, monitor and report to the CEO regarding any breaches of this Strategy.

In addition, the College is committed to other various compliance and monitoring arrangements made under related policies and procedures.

Appendix 1: Reporting summary

<u>IMPORTANT NOTE</u>: A single matter may be subject to more than one reporting obligation; you should consider each obligation in this Appendix 1 and whether it applies in the circumstances. Refer to Appendix 2 for further details.

Who	What	Test	Report to
All Staff including teacher/trainers	Sexual abuse	Awareness or a reasonable suspicion Sexually abused or likely to be sexually abused	Academic Director or Senior Management member, through to Police Campus Director on (07) 3216 0288 Police: Tel (07) 3364 6464
	Inappropriate behaviour of a staff member	Behaviour of another staff member is inappropriate	Academic Director (or, if Academic Director involved in inappropriate behaviour, a senior management member): Campus Director on (07) 3216 0288 Campus Director on (07) 3216 0288
Staff who are. teacher/trainers	Reportable suspicion	Reasonable suspicion a child has suffered, is suffering, or is at unacceptable risk of suffering significant harm caused by sexual or physical abuse, and Parent may not be willing and able to protect the child	Campus Director, through to Child Safety Services or directly to Child Safety Services Campus Director on (07) 3216 0288: Child Safety Services: Tel 1300 682 254
	Harm	Concern about harm to a child that does not reach the level of reporting to Child Safety Services, but child is likely to become a child in need of protection if no preventative support is given	Confer with Academic Director or Campus Director

Education (General Provisions) Act 2006 (Qld), sections 366 and 366A Child Protection Act 1999 (Qld), sections 13E, 13G and 13H

Who	What	Test	Report to
Staff <u>other than</u> teacher/trainers	Harm	Aware or reasonably suspect that a child has suffered, is suffering, or is at unacceptable risk of suffering harm	Campus Director on (07) 3216 0288
Any adult (whether Staff, parent, or student 18 years or over)	Child sexual offence against a child by another adult	Information causes adult to believe on reasonable grounds, or ought reasonably to cause the adult to believe, that a child sexual offence is being or has been committed and, at the relevant time, the child. is or was: under 16 years, or 16 or 17 years with an impairment of the mind	Academic Director/Campus Director through to Police or directly to Police Campus Director on (07) 3216 0288 Police: Tel (07) 3364 6464
Parent/ guardians and students	Harm	Aware or reasonably suspect that a child has suffered, is suffering, or is at unacceptable risk of suffering, harm	Campus Director on (07) 3216 0288
	Inappropriate behaviour of a Staff member	Behaviour of a Staff member is inappropriate	Campus Director on (07) 3216 0288

Appendix 2: Reporting procedures

<u>IMPORTANT NOTE</u>: A single matter may be subject to more than one reporting obligation; you should consider each obligation in this Appendix 2 and whether it applies in the circumstances.

Appendix 2A: Reporting of harm or suspected harm

Issue	If	Then
Referral of a concern about harm that does	Staff who are teacher/trainers and suspect harm?	Staff who are teacher/trainers and suspect harm?
not reach the level of a reportable suspicion under Chapter 5A of the CP Act	 You are a College Staff member who is a teacher/trainer; and You have a concern about harm to a child, caused by any type of abuse, that does not reach the level of reporting to Child Safety Services, but you consider the child is likely to be in need of protection if no preventative support is given 	 Complete the College's reporting form (see Appendix 3: Internal Reporting Harm Template) Discuss your concerns with the Academic Director Work through the Child Protection Guide with the Academic Director The Academic Director/Campus Director may decide to: Offer support at the College level. Seek parental consent to refer to Family and Child Connect (FCC) and then make the referral. Refer a family to FCC without consent (CEO-only power) Keep appropriate records of your decisions and actions
	Academic Director	Academic Director
	 You are the Academic Director; and A Staff member, including a teacher/trainer, reports a concern about harm to a child that does not reach the level of reporting to Child Safety Services, but considers that the child is likely to become a child in need of protection if no preventative support is given 	 Receive the College's reporting form. Work through the Child Protection Guide with the Staff member Decide to: Offer support at the College level. Seek parental consent to refer to FCCand then make the referral. Refer a family to FCC without consent (CEO-only power) Keep appropriate records of your decisions and actions, ensure relevant support is given, and followup as necessary

Appendix 5: Useful definitions and key concepts

What is a reportable suspicion?

In a college situation, as mandatory reporters, teacher/trainers and staff members must report to Child Safety a "reportable suspicion" about a child, formed in the course of their employment or engagement.

A reportable suspicion is one where a teacher/trainer has a reasonable suspicion that a child has suffered, is suffering, or is at an unacceptable risk of suffering significant harm caused by physical or sexual abuse; and may not have a parent able and willing to protect the child from harm.

What are the two tests to be used when forming a reportable suspicion?

The key tests when forming a "reportable suspicion" are as follows:

- 1. The child must have suffered, is suffering, or is at unacceptable risk of suffering, significant harm caused by the physical or sexual abuse (known at the "Significant Harm Test"); and
- 2. The child may not have a parent able and willing to protect them from the harm (known as the "Parent Test").

Who is a mandatory reporter?

For the purposes of the Policy, a mandatory reporter under the CP Act includes, without limitation, teacher/trainers and staff members. All adults have mandatory reporting obligations under the Criminal Code an all Staff have mandatory reporting obligations under the EPG Act.

What is harm?

Harm is defined in section 9 of the CP Act as:

Harm, to a child, is any detrimental effect of a significant nature on the child's physical, psychological, or emotional wellbeing. It is in material how the harm is caused. Harm can be caused by:

- A single act, omission, or circumstance; or
- A series or combination of acts, omissions, or circumstances.

Harm means damage or injury caused by abuse to a child's body, to a child's emotional state or to a child's psychological state. Abuse may be physical abuse, sexual abuse, emotional abuse, or neglect. Harm is the effect or impact on the child of the abuse.

Abuse can be defined as an action such as: hitting; punching; fondling; and exposure to domestic violence or scapegoating; or it can be inaction such as failure to provide medical care; or failure to provide appropriate stimulation.

Domestic violence is currently defined in the *Domestic and Family Violence Protection Act 2012* (Qld) as behaviour by a person (the **first person**) towards another person (the **second person**) with whom the first person is in a relevant relationship that:

- Is physically or sexually abusive;
- Is emotionally or psychologically abusive;
- Is economically abusive;
- Is threatening;
- Is coercive; or

• In any other way controls or dominates the second person and causes the second person to fear for the second person's safety or wellbeing or that of someone else.

The "Significant Harm Test"

When considering the significance of harm under mandatory reporting obligations, the CP Act provides guidance under section 13C.

The matters that the person may consider include:

- Whether there are detrimental effects on the child's body or the child's psychological or emotional state:
 - That are evident to the person; or
 - That the person considers are likely to become evident in the future
- In relation to any detrimental effects to the child the reporter may consider:
 - Their nature and severity; and
 - The likelihood that they will continue, and
- The child's age.

The person's consideration may be informed by an observation of the child, other knowledge about the child or any other relevant knowledge, training or experience that the person may have. This recognises that a College Staff member may detect an impact of harm for a child that the ordinary person may not identify.

The "Parent Test"

A parent may be willing to protect a child, but not have capacity to do so and therefore they are not considered "able". This includes situations such as where the parent's inability is due to factors such as intellectual impairment or ill health.

Alternatively, a parent may have the capacity to protect a child (able), but may choose not to do so (not willing). This might include situations where parent/guardians choose an ongoing relationship with a person who is abusing their child and are thus "unwilling" to protect the child.

If there is considered to be at least one parent "able" and "willing" to protect the child, the child is considered to not be in "need of protection".

What is sexual abuse?

Sexual abuse includes sexual behaviour involving the child/student and another person in the following circumstances:

- The other person bribes, coerces, exploits, threatens or is violent toward the child/student;
- The child/student has less power than the other person;
- There is a significant disparity between the child/student and the other person in intellectual capacity or maturity.

Indicators of sexual abuse may include:

- Grooming behaviour (see below).
- Bruises, bite marks or other injuries to breasts, buttocks, arms, lower abdomen or thighs
- Bruises, scratches or other injuries not consistent with accidental injury.
- Difficulty walking or sitting.
- Persistent headaches or recurrent abdominal pain.
- Unexplained pain in genital area.

- Torn, stained or bloodied underwear.
- Itching, soreness, discharge or unexplained bleeding.
- Painful and recurrent urination.
- Recurrent urinary tract infections.
- Signs of sexually transmitted diseases.
- Pregnancy in adolescents where the identity of the father is vague or secret.

What is a child sexual offence?

Under the Criminal Code, a child sexual offence is an offence of a sexual nature committed in relation to a child. This includes, for example, an offence against a provision of chapter 22 or chapter 32 of the Criminal Code, such as an offence relating to the making, distribution and possession of child exploitation material, rape or sexual assault.

What is grooming?

"Grooming" is a course of conduct by which a person creates or exploits opportunities that allow the person to safely engage in sexual contact with a child. Its purpose is to secure compliance of the child and to avoid detection and punishment. Whilst not always, sexual abuse can be preceded by grooming.

Grooming can occur over a long period. A person may also "groom" the child's parent/guardians or carers, or other persons who may protect them from the abuse. This is so that the child and his/her carers will trust the offender and not suspect any intended wrongdoing. The establishment of a relationship of trust is often very confusing and damaging to the child, who may not even immediately recognise what is done to them as abuse.

Recognition of the grooming process that is used as a preparation for the sexual abuse of a child is an indicator of likely sexual abuse. Grooming behaviour may not be recognised when observed as a one-off event, but a pattern of grooming of the intended victim and/or the intended victim's carers can be recognised. Grooming may tend to develop in intensity over time. It will also tend to include elements of secrecy and concealment and be more likely to occur in places where the abuser is familiar and where the risk of detection is low.

It is important to be aware of the types of behaviours that can be used in the process of grooming, while remembering that some of the behaviours might equally reflect normal interactions based on genuine motives of care and concern. This is the reason that for Staff members the observance of clear professional boundaries and transparency in the declaration of potential conflicts of interest is a vital part of the protection of children and of the Staff members themselves.

Some examples of grooming types of behaviour could include:

- Befriending a vulnerable student.
- Giving a student special attention.
- Treating the student more favourably than others, for example with college workor in extra-curricular activities.
- Giving gifts to or doing favours for the student.
- Directing suggestive jokes, remarks or actions towards the student.
- Acting as a substitute parent or confident of the student.
- Befriending the student's family and visiting the family home.
 - Offering to babysit or provide transport.

Physical abuse is not determined by how bad the mark or injury is, but rather by the act itself that causes injury or trauma to the child.

Indicators of physical abuse may include:

- Student presents with bruises, burns or fractures at a frequency which is inconsistent with normal activity.
- Student offers explanations for an injury which appear inconsistent with that injury.
- Student or another person advises that he/she has been subjected to or threatened with physical harm.
- Reluctance/refusal of student to participate in swimming or other activities where getting changed or wearing more revealing clothes may show signs of harm.
- Absenteeism.

What is psychological emotional abuse?

Psychological or emotional abuse occurs when a child's social, emotional, cognitive or intellectual development is impaired or threatened. It can include emotional deprivation due to persistent:

- Rejection
- Hostility
- Teasing / bullying

- Yelling
- Criticism
- Exposure of a child to domestic and family violence

Indicators of emotional abuse may include:

- Student has poor peer relationships or is withdrawn or anxious.
- Student inclined to seek adult company and/or students who are older or younger.
- Student regularly avoiding going home.
- Student has learning difficulties, including poor concentration.
- Student socially withdraws including disengaging from College and College activities.
- Decline or underperformance in student's educational outcomes.

- Student engages in risk taking behaviour.
- Absenteeism.
- Student displays attention-seeking behaviour such as stealing, lying, running away, and repeatedly disrupting classes.

What is neglect?

Neglect occurs when a child's basic necessities of life are not met, and their health and development are affected. Basic needs include:

- Food
- Housing
- Health care
- Adequate clothing

- Personal hygiene
- Hygienic living conditions
- Timely provision of medical treatment
- Adequate supervision

Indicators of neglect may include:

- Student appears underweight for age and body type
- Inadequate clothing
- Poor personal grooming

- Asking other students for food or money or not bringing food for lunches and breaks
- Absenteeism /or high frequency of illness/infection
- Student often arrives early and/or leaves late

What is inappropriate behaviour?

Any behaviour of a Staff member that a student, parent or other Staff member considers inappropriate. This includes behaviour of a Staff member that breaches any policies or procedures ofthe College.

Who is a parent?

The parent of a child generally means the child's birth mother or father, or adoptive parent/guardians. Under the CP Act:

- A parent of a child is the child's mother, father, or someone else having or exercising parental responsibility for the child.
- However, a person standing in the place of a parent of a child on a temporary basis is not a parent of the child.
- A parent of an Aboriginal child includes a person who, under Aboriginal tradition, is regarded as a parent of the child.
- A parent of a Torres Strait Islander child includes a person who, under Island custom, is regarded as a parent of the child.

What is Family and Child Connect?

Family and Child Connect (FCC) is a service which provides an identifiable and easily accessible central referral point for families and professionals to access family services.

What is a referrer?

A referrer is anyone who contacts FCC to refer a child or family for support and assistance. For Colleges, this person will most commonly be the Academic Director.

What is self-harm?

During their college, some students may be at risk of harming themselves. This harm may occur with or without suicidal intent; or may be symptomatic of, or associated with, a known medical condition or intellectual disability.

Risk factors for self-harm include:

- Previous attempts at suicide (most powerful risk predictor)
- Depression
- Drugs and/or alcohol abuse
- Conduct disorder
- Disruptive and unsupportive family background
- Relationship conflicts
- Poor coping skills
- Psychiatric illnesses
- Ready availability of lethal means to commit suicide
- Copycat behaviour after an incident of self-harm by another person

- Recent bereavement
- Chronic physical illness
- Anniversary phenomenon (of past losses or major life events)
- Early loss experiences
- Academic failure
- Perfectionism and overachievement as a result of students having high expectations of themselves
