DIPLOMA OF REMEDIAL MASSAGE

About this Course:

This qualification is designed for those aspiring to excel as remedial massage therapists, focusing on addressing soft tissue dysfunction, musculoskeletal imbalances and range of motion restrictions. It offers a comprehensive programme that covers advanced massage techniques, client assessment and clinical practice. With a blend of theoretical knowledge and practical experience, including extensive hands-on training, you'll acquire the skills needed to excel in client management and professional practice. This qualification prepares you for a successful career, whether you're self-employed or working within a larger health service, by equipping you with the skills needed to make a significant impact on your clients' well-being. This Remedial Massage course offered at Charlton Brown meets the educational criteria required by Medibank Private, allowing graduates to apply for a provider number and offer clients rebates on remedial massage services. Our nationally recognised qualification is endorsed by leading professional massage associations. Membership with these associations is essential for obtaining a Medibank Provider Number. With our program, students gain the skills and qualifications to advance their careers and meet industry standards.

What You'll Learn

- Advanced musculoskeletal assessment techniques
- Deep tissue and myofascial release skills
- Trigger point therapy and pain management
- Anatomy and physiology for massage practice
- Client treatment planning and documentation
- Professional ethics and industry standards

Zhang Jing
An effective teacher is one who directs, facilitates and manages the students' learning process. Da Teng is one of them. I like his flexible teaching style, positive belief in the ability to solve translating problems, willingness and motivation to listen and caring for students.

Rob Manz
I'm very happy with the service and education Charlton Brown provided! Alvin's teaching was fun, creative and entertaining. He likes to talk about trending topics in the class. He's also fast at answering any questions.

HOBART CAMPUS & FACILITIES

YOUR CAMPUS

NIET Group Hobart – 188 Collins Street Campus

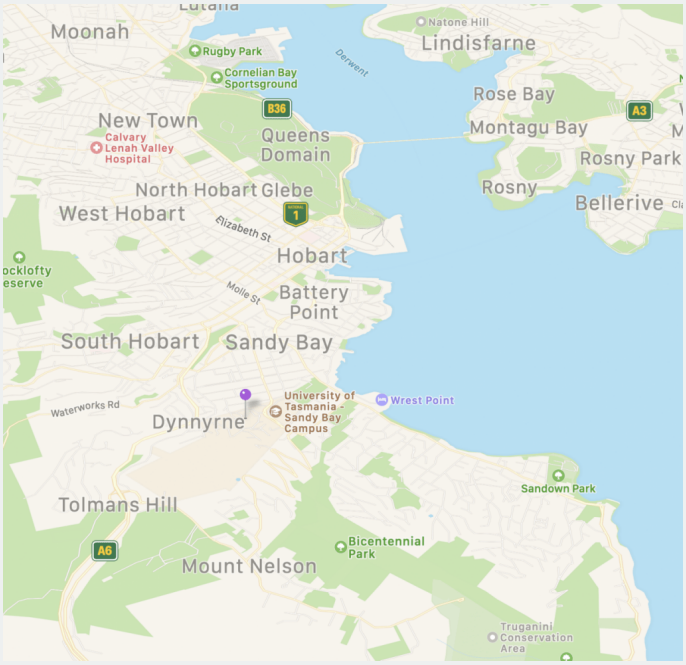

Welcome to NIET Group Hobart, located at 188 Collins Street — a campus that blends Tasmania's natural charm with NIET Group's signature approach to innovation and excellence in education.

Nestled in the heart of Hobart's city centre, this campus offers a warm, modern, and inspiring environment designed to help students learn, grow, and connect. Spacious classrooms, open study areas, and thoughtfully designed common spaces reflect our belief that education should be both practical and personal — where ideas are shared freely and ambitions take shape.

Large windows fill the campus with natural light, while soft finishes and Tasmanian design elements create a calm and welcoming atmosphere. From study sessions to lively conversations over coffee, every corner encourages collaboration and creativity.

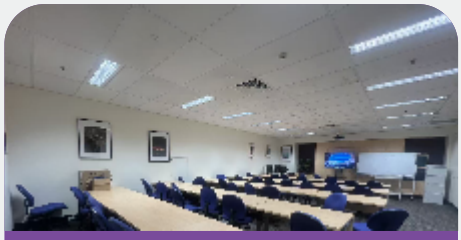

The 188 Collins Street Campus is more than just a place to study — it's a community where students from around the world come together to build skills, friendships, and futures. Here, education meets experience, and every learner becomes part of Hobart's vibrant academic and cultural life.

NIET Group Hobart – Classroom 3 (Diploma of Remedial Massage)
Located at 188 Collins Street, the NIET Group Hobart Campus offers a serene, purpose-built learning environment in the heart of Tasmania's capital — where professionalism and care come together.

Classroom 3 is dedicated to our Diploma of Remedial Massage (DRM) program, providing students with an ideal setting to develop both theoretical understanding and advanced hands-on skills. The space is thoughtfully arranged with massage tables, anatomical models, and specialised learning resources that allow students to practice and perfect a wide range of therapeutic techniques.

Bright and spacious, the classroom is designed to promote calm, focus, and collaboration. Students engage in practical demonstrations, supervised practice sessions, and in-depth study of anatomy, physiology, and treatment planning, gaining the confidence to assess and treat clients professionally and ethically.

Here, every lesson combines science, skill, and empathy — shaping graduates who are not only technically proficient but deeply committed to improving the wellbeing of others.

Classroom 3 represents NIET's dedication to excellence in health and wellness education, preparing the next generation of qualified remedial massage practitioners.
